Multi Grooving Tools

Multitude of operations and face grooving

MGT

Features

■ Multi Grooving

- M.G.T Insert can be used at Internal operations as well as External operations
- M.G.T Insert's M chip breaker covers a wide range of application from finishing to roughing

■ Face Grooving

- To cope with increased needs for face grooving & boring of various material.

| Insert |

- MFMN300 (Cutting Width 0.120inch)
- MGMN400-M (Cutting Width 0.157inch)

| Holder |

- Vertical type (Machined Diameter \varnothing :0.945~ \varnothing :2.362)
- Horizontal type (Machined Diameter \varnothing :0.945~ \varnothing :7.874)

■ Parting

- Variety of lead angle of cutting edge & grade to cover various workpiece.
